WILSON SUCCESS STORY: CAREER QUEST

In partnership with National Fuel, Wilson held a milestone event for students called “Career Quest” in May 2024, a career fair featuring over 20 different National Fuel departments. Students were encouraged to draw connections between working hard today, potentially pursuing a career and technical education in high school, and having a fulfilling career later in life. One student felt so excited about the company that he inquired about job openings, sharing that his mother was in the market and he was excited to share what he learned about National Fuel with her.
